Course Summary

Delegates should provide a passport photograph on the day of the CPCS Appointed Person training for production of ID Cards. Delegates should inform their trainer if they have any serious health issues, physical problems, special considerations or are taking any medication, which may create difficulties in undertaking elements of this training course. The A61 Appointed Person is the only CPCS Technical Test that allows the delegate to still undertake their CPCS Practical exam if they don't achieve their CPCS Theory Test. The Theory Test is always undertaken prior to the Practical Test. A CPCS Theory and Practical Test makes up a full CPCS Technical Test. To achieve the CPCS Red Card for Appointed Person delegates will have to successfully achieve both aspects of the test.
