There are no upcoming public course dates available; however we can deliver this course at a date and location to suit you. Get this course from as little as £0.00 per person.

Course Summary

Once the candidate is registered, after the profile and induction visit, they will be able to apply for a one year trade CSCS card extension. Once they have completed their NVQ their card will then last five years but is simply renewed by a Construction Skills touch screen health and safety test and will run for a further five years. A CITB grant from 400 to 488 is available for companies registered with the Construction Industry Training Board. Delegates should inform their trainer if they have any serious health issues, physical problems, special considerations or are taking any medication, which may create difficulties in undertaking elements of this training course. Duration: The duration of a Level 3 NVQ varies depending on the candidate, their level of experience and the work they are undertaking. We advise that the majority of NVQ Level 3's are completed between 6 and 9 months from induction.

Who Attends

Any person or employee, that works as a foreman or in a supervisory capacity and needs to obtain a CSCS card and a nationally recognised qualification in this trade. The candidate must have previously successfully completed a Supervisor's Health and Safety touch screen test within the past two years.

Course content

Mandatory Units: > Confirm Work Activities and Resources for the Work. > Develop and Maintain Good Working Relationships. > Confirm the Occupational Method of Work. > Implement and Maintain Health, Safety Welfare. > Co-ordinate and Organise Work Operations. Optional Unit: Plus TWO of the following: > Allocate and Monitor the Use of Plant and Equipment. Endorsements: > All qualification occupational areas offered by the CAA. > Monitor Progress Against Work Schedules. > Confirm Work Meets Quality Standards. > Implement Procedures to Support Team Performance. > Co-ordinate and

Confirm the Dimensional Requirements of the Work. > Contribute to the Circulation of Information. The candidate must have previously successfully completed a Supervisor's Health and Safety touch screen test within the past two years.

Methods

The NVQ will be assessed over approximately six on-site assessments whilst the candidate carries out their day to day work. Evidence will be collected in the form of photographs, method statements and professional discussions by your dedicated Assessor.
