Course Summary

Once the candidate is registered, after the profile and induction visit, they will be able to apply for a one year trade CSCS card extension. Once the candidate has completed their NVQ, their card will then last five years but is simply renewed by a Construction Skills Manager touch screen health and safety test and will run for a further five years. A CITB grant from 650 to 793 is available for companies registered with the Construction Industry Training Board.

Who Attends

Any person or employee that works in construction and needs to obtain a CSCS Black Card and a nationally recognised qualification in this trade.

The Aim

Course content

Mandatory Units Maintain health, safety and welfare in construction. Manage the performance of teams and individuals in construction. Chair meeting and take decisions in construction. Enhance working relationships in construction. Optional Units Plan measured surveys in construction. Ascertain the condition of property in construction. Identify, assess and evaluate project requirements in construction. Develop and agree detailed project designs in construction. Specify and control production documents in construction. Prepare procurement schedules and programmes of works in construction. Implement strategic and integrated supply chain management and sourcing partnerships in construction. Obtain tenders and appoint successful contractors in construction. Evaluate enquiries and submit tenders in construction. Evaluate and confirm work methods and programme. Analyse, monitor and optimise materials, plant and services in construction. Control contract work in construction. Optimise and control contract progress and costs

in construction. Prepare and agree contract accounts and claims in constructions. The candidate must have previously successfully completed a Manager's Health and Safety touch screen test within the past two years.

Methods

The NVQ will be assessed over approximately six on-site assessments whilst the candidate carries out their day to day work. Evidence will be collected in the form of photographs, methods statements and professional discussions by your dedicated Assessor.
